It is the fifth main entry in the Grand Theft Auto series, and the seventh overall. It came out on the PS2 in October 2004, on Windows and Xbox in June 2005, and on Mac OS X in November 2010. The game is set in an open world that players can freely explore and interact with. Reunited with his former gang and a life of crime, former gangster Carl "CJ" Johnson returns home after the murder of his mother. In the fictional US state of San Andreas, Carl travels to three major cities: Los Santos (inspired by Los Angeles), San Fierro (San Francisco), and Las Venturas (inspired by Las Vegas) (Las Vegas).The game's plot is heavily based on real-life events in Los Angeles in the early 1990s, such as rivalry between real-life street gangs, the 1980s and early 1990s crack epidemic, the LAPD Rampart scandal, and the 1992 Los Angeles riots. San Andreas introduced gameplay elements that were later used in other games, such as RPG-style mechanics, customisation options for clothing and vehicle appearances, and gambling games.Aside from praise for its music, story, and gameplay, San Andreas received criticism for its graphics and some aspects of its controls. With over 27.5 million copies sold worldwide in 2011, it is the best-selling PlayStation 2 game and one of the best-selling video games ever. San Andreas, like its predecessors, is hailed as a video game landmark for its widespread influence. The game's violence and sexual content sparked public outrage. Specifically, the "Hot Coffee mod" revealed a previously hidden sexual scene. For Android and iOS in 2013,Win95 Phone, Fire OS and Xbox 360 in 2014, and PlayStation 3 in 2015. In June 2018, Xbox One backward compatibility made the game available. The Definitive Edition was released in 2021, and an Oculus Quest 2 virtual reality version is in the works. Grand Theft Auto IV came out in April 2008. TO COMPLY WITH A DMCA NOTICE, "DO NOT" SHARE MEDIA OR LINKS TO LEAKED/COPYRIGHT MATERIAL.
